COIN CABINETS.

Messrs. SCOTT & COMPANY are pleased to announce to Collectors that they are manufacturing COIN CABINETS of the following sizes and styles:

No. 1 size, $24\frac{1}{2} \times 17\frac{1}{2}$, eighteen drawers each 15×9 inches, and from 3-8 to 6-8 inches deep, two doors with lock and key, polished black walnut; very handsome and durable. Price \$20.00. Boxing 50c., and shipping extra.

No. 2, size $14\frac{3}{4} \times 15\frac{1}{2}$, twelve drawers each 13×7 ; 5-16 in. deep, door with lock and key, polished black walnut, very handsome and durable. Price \$10.00. Boxing, &c., 50c. extra.

These are made by first-class workmen, with the aid of fine machinery, thus producing a cabinet which is both strong and elegant, the price being at least 50 per cent. less than the cost of the same piece of furniture when made for private parties. Any desired style made to order, the price being about a half more for the same amount of work when made singly.

PREFACE.

In presenting a new edition of *THE COPPER COIN CATALOGUE* to the favorable notice of American Collectors, Messrs. Scott & Company would respectfully call their attention to the following Rules, which are designed to facilitate the despatch of business and insure every communication being answered on the day of its receipt.

POSTAGE.—The prices set opposite the pieces in this book do not include the postage, which should be added at the rate of two cents for two ounces, and ten cents for registration. The latter is optional, but if not registered they will be sent entirely at the risk of the purchaser.

CANADA.—No packet weighing over 8 ounces can be sent by sample post, the postage on which is 10 cents irrespective of weight.

REMITTANCES should be made by draft on New York; P. O. O., or by registered letter. Small amounts may, however, be sent by ordinary letter, in bills or unused U. S. postage stamps of low denomination.

CONDITION.—The pieces herein catalogued are given in three or four degrees of preservation, and valued accordingly. Cents and half cents placed under the head of "fair" have the dates perfectly distinct.

EXTRAORDINARILY FINE PIECES are not catalogued, as they are seldom to be had, sometimes commanding very high prices, a 1795 cent having lately been sold at auction for \$100.

DATES—In filling orders for foreign coins, when more than one date is given, as Hayti 1829—46, we supply any year between these dates; where a special year is required the price will often be higher, as we price the cheapest variety.

WANTED TO PURCHASE.—We are always glad to buy the following dates of U. S. Cents—1793, 1799, 1804, 1809. *Half-Cents*—1793, 1796, 1802, 1811, and any proof pieces. Also, the early dates of cents, half cents, or colonials, if uncirculated; other pieces we have seldom a chance of using, being constantly in receipt of large invoices from our regular agents.

AUCTION SALES—Messrs. Scott & Co. have unequalled facilities for cataloguing large collections of coins for public auction, and for securing the representation of every American collector. Terms—25 per cent; this includes all charges for cataloguing, printing, auctioneer's fees, advertising, and all other expenses. Messrs. S. & Co. have representatives at all auction sales in the United States, and execute all orders entrusted to them with care and judgment, the terms being 10 per cent, of the amount purchased.

AUCTION CATALOGUES will be sent, whenever practicable, to every subscriber to the *COIN COLLECTOR'S JOURNAL*, and to all purchasers through them at previous sales.

PRICED AUCTION CATALOGUES can always be supplied of any late sale, at the rate of fifty cents for each day occupied at the sale.

COINS ON APPROVAL.—S. & Co. are always prepared to send coins for selection to large buyers. Collectors not personally known will please furnish New York City references.

ILLUSTRATIONS.—A 24 page Supplement, containing illustrations of copper coins not printed in this, can be had of the publishers, price 50 cents, post free.

THE COIN COLLECTOR'S JOURNAL, a beautifully illustrated 16-page monthly, will be found an invaluable companion to every numismatic amateur. Subscription \$1.00 per year, in advance.

COLLECTORS.

"The pursuit and study of the Fine Arts in their various branches, have been a source of constant enjoyment to me in the intervals of business, and often of great solace and relief at trying periods, and this alone would be a plausible indemnification for my investments, should they fail to be commercially reproductive. It is said that Collectors usually have long lives, and I cannot help feeling that the cheerful exercise of the mind and body which belongs to the pursuit, warrants the assertion; and I hope in due time to say, *probatum est.*

COLLECTORS.

"The pursuit and study of the Fine Arts in their various branches, have been a source of constant enjoyment to me in the intervals of business, and often of great solace and relief at trying periods, and this alone would be a pleasurable indemnification for my investments, should they fail to be commercially reproductive. It is said that Collectors usually have long lives, and I cannot help feeling that the cheerful exercise of the mind and body which belongs to the pursuit, warrants the assertion; and I hope in due time to say, *probatum est.*

News of the Quarter.

The first quarter of the year is usually prolific in new issues, and the one just passed is no exception to the rule. First, in point of order, are the new issues of Cuba and Porto Rico; but before enumerating these we will give illustrations of the stamps of Antioquia and Transvaal described in our last issue:

The full set of the latter is as follows :

1 penny, brown.
3 pence, claret.

4 pence, pale green.
6 pence, dark brown.

1 shilling, green.
2 shillings, blue.

BHOPAUL.—We have just received another value of the last issue of this State, same design as before. The lot now consists of
 $\frac{1}{4}$ anna, green. $\frac{1}{2}$ anna, red.

CUBA.—This set consists of the same values as last year, and the old design is retained, the only difference being in the colors and date.

5 cents. peseta, dark olive. 12½ cents. peseta, carmine. 50 cents. peseta, grey.
10 " " orange. 25 " " blue. 1 peseta, brown.

PORTO RICO.—Here, again, the old design and values are employed, and, as last year's set has never been correctly catalogued, we enumerate them here.

1878.

5 cents. peseta, bistre. 15 cents. peseta, lake. 50 cents. peseta, blue.
10 " " chocolate. 25 " " green. 1 peseta, bistre.

1879.

5 cents. peseta, lake. 15 cents. peseta, black. 50 cents. peseta, blue.
10 " " brown. 25 " " blue. 1 peseta, grey.

PHILIPPINE ISLANDS.—Still continuing with the Spanish possessions, we annex a list of the stamps of these islands, of the Alphonso type—"Filipinas" above, without ornaments at ends. We may add that we think it very doubtful if those marked (?) are anything but essays:

12½ mills. de peso, violet.	100 mills. de peso, green.
25 " black.	(?) 100 " carmine.
(?) 25 " green.	125 " blue.
(?) 0.0625 " lilac.	(?) 200 " pink.
(?) 50 " "	250 " brown.

MEXICO.—Perhaps the most interesting item of our budget is the list of new stamps for this country. The design, as will be seen from our engraving, is well executed, the portrait of Juarez striking if not particularly original, and the colors bright and well selected. The colors and values to hand so far are:

1 centavo, brown. 5 centavos, vermillion. 25 centavos, carmine.
2 centavos, lilac. 10 " blue. 50 " green.

DECCAN.—Envelope stamps have been issued for this State—which, by the way, should be called Nizam. Our engraving (the centre one) renders a detailed description unnecessary. The colors are :

½ anna, red.

1 anna, dark brown.

EGYPT.—Two hideous stamps are now before us, issued provisionally by the Government of this country, and they well represent the rulers who issue them. The stamps are formed from our old acquaintance, the current 10p. stamp, nearly covered by three large surcharges, a numeral of value in centre, with "Paras" on the left and Arabic inscription on the right.

5 paras, violet.

10 paras, violet.

One value of the new issue having already appeared, the above are likely to become quite scarce. The new comer, as will be seen by our engraving, is of the same general design as the old one, and being well printed is quite effective.

5 paras, brown.

BOLIVIA.—The series of postals prepared for this country in 1876 are now in active use. We are sure they will be welcomed by philatelists—the blank spaces intended to hold them being an eyesore to most collectors. The colors are :

5 centavos, blue.

20 centavos, green.

10 " orange.

50 " carmine.

DUTCH WEST INDIES.—A 2½ gulden stamp of the same design as the rest of the series has been issued by these colonies, that for Suriname having a violet centre in a brown frame, while the colors of the stamp for Curacao is orange head in a green frame.

MAURITIUS.—Specimens of the long-expected new type for this colony are now before us. They bear the conventional profile of Queen Victoria, to left in different frames for each value.

4 cents, orange.

25 cents, bistre.

New 50-cent envelopes have also been issued, similar to the old ones, but without the scalloped edge and value on reticulated instead of white ground.

ORANGE FREE STATE.—A new value of the same type as before has been added to the stock of this country:

5 shillings, green.

FALKLAND ISLANDS.—A stamp of another value has been received from this island.

1 shilling, pale brown.

PORTUGAL.—We have received stamped envelopes from this country. The design is the same as the adhesive, but the colors have been changed. Each value is on two sizes of envelopes, which are made of thin buff paper.

25 reis, blue.

50 reis, carmine.

ROUMANIA has added a new value postal to its set, continuing the same design.

30 bani, bright red.

BAVARIA.—The colors of two of these stamps have been altered; they are now:

5 pfennig, brown.

50 pfennig, violet.

PERU.—The 1 centavo is now in active use. The design consists of sun in glory in oval frame, inscribed "Correos del Peru" and value.

1 centavo, orange.

FRANCE.—Two new chiffre taxe stamps have lately been issued. Same design as before.

30 centimes, black.

60 centimes, blue.

DENMARK.—This country has also added a new value to its set; same design as current series.

5 ore, blue and carmine.

VICTORIA.—We have to chronicle a new envelope for this colony; design similar to 2-penny envelope; pink. It is impressed in right upper corner of white and deep-blue unwatermarked envelopes.

1 penny, green.

UNITED STATES OF COLOMBIA.—The old 25 cent "sobreporte" of this state which has remained current longer than any other stamp in the country has been changed at last, the same design being now printed on white.

25 centavos, emerald green.

TOLIMA.—This State has also issued two new stamps, a five cent consisting of a large figure of value enclosing arms, it is printed in a rich shade of brown and is a very effective stamp. The 10 cent is after the general style in use in these States having the arms in central circle inscribed, CORREOS DEL E.O. ES DEL TOLIMA E.E. U.U. DE COLOMBIA.

5 centavos, brown ; 10 centavos, blue.

EL SALVADOR.—Quite by surprise we have received specimens of a new issue for this country. The design consists of national arms on shield in lined disk in oval band inscribed, UNION. POSTAL UNIVERSAL REPUBLICA DEL SALVADOR, numerals of value and c in alternate corners.

2 centavos, red ; 5 centavos, blue.

Messrs. SCOTT & COMPANY

Take great pleasure in announcing to the public that they have issued this day a work of great value to all interested in the history of their country, entitled

“Colonial Continental Confederate Currency,

“Their present market value.

“To which is added a complete Price List of
U. S. Fractional Currency,

Price - - - - 50 Cents.

It would be impossible at this date to claim that the list is perfect, but great care has been taken in its preparation, and every known variety of all the different kinds of paper money which have circulated in this country, has been tabulated according to date, so that any note is easily found, while the numerous full sized illustrations of Colonial and Continental money give material aid, likewise add interest to the book for the general reader. As an instance of its completeness we may call attention to the fact that 74 pieces of U. S. Fractional Currency are catalogued, while the highest number heretofore chronicled was only 48.

Besides being valuable as a check list of all uncurrent money issued by authority in this country, it is a comprehensive price list of Messrs. Scott & Company's large stock, the prices of which have been placed as low as the great and increasing demand for these interesting mementoes of our country's struggles for existence will admit of.

Ready May 1st.

NEW EDITION FOR 1879
OF THE STANDARD
SILVER COIN CATALOGUE.

The great fluctuations in the value of American Silver Coins during the past year has made a new catalogue an absolute necessity to all amateurs who are collecting the United States silver series. The discovery of 400,000 half dollars at Economy, Pa., has had the effect of materially reducing the value of the dates of which it consisted, while the stimulating effects of the large number of the commoner issues thrown on the market has started many hundred new collections, with a proportionate demand at higher prices for rare dates.

Large 8vo, 48 pages, price 25 cents; or bound up with the Standard Copper Coin Catalogue, post free, 50 cents.

SCOTT & COMPANY,

Ready May 1st.

A
REVISED LIST
OF ALL

POSTAGE STAMPS

AND

STAMPED ENVELOPES.

This is the only work of the kind ever published in America, and is destined to become the standard of all English-speaking stamp collectors. It contains an accurate list of every postage stamp ever issued, minutely describing every variety of color, water-mark and paper, together with all the minor details concerning the different dies of the same stamp. It is fully illustrated with about fifteen hundred engravings, and besides being the latest is the most accurate work of the kind ever printed. Numerous notes explain every doubtful point in Philately, and give many interesting details concerning the causes which led to the issue or suppression of noted stamps. Mr. Coster's valuable monograph on the United States locals is added entire, forming together a work which no collector who has outgrown the boy period of pasting stamps in a copy book, can afford to be without. It is not a price list or a dealer's advertisement in any sense of the word.

Large Svo, 400 pages. Cloth, \$2.50.

SCOTT & COMPANY,
146 Fulton Street, and all Booksellers.

Specimen paragraph:

January 5, 1856.

Portrait of Jefferson to right, three quarter face, in oval. Ground of vertical lines. U. S. POSTAGE above. FIVE CENTS below.

Col. imp., rect.

5 cents, brown.

These several die varieties of this stamp are the result of an accident to one of the plates, by which the ornamental raised piece at the top of the frame was injured. The damaged part was removed, and the corresponding piece at the bottom taken away to make it uniform. In order to make them all the same, the entire plate was altered, and a close observer will notice the different degrees of neatness with which the alterations were made on different specimens.

Coin Items.

In the coin line the most important event of the quarter has been the discovery by Mr. Mason of a half dollar made by the Confederate Government in 1861. Only four pieces were struck, consequently they are of great rarity and almost fabulous value. A short history of this interesting discovery has already been given in the public press, and as we have not space for full particulars now, we must defer giving all the details until next number, when we hope to be able to illustrate the piece and give all the facts concerning it. We are happy to add that there is a good prospect of the piece being restruck at a moderate price for collectors.
